Wedding
Photojournalism

Jonathan Brown

I'm a professional photographer specialising in informal, documentary wedding photography. The lovely couples whose weddings I photograph, tell me that they've chosen me both for my creative, contemporary photographs and my relaxed and unobtrusive style of wedding photography. I'm a member of the internationally renowned Wedding Photojournalist Association.

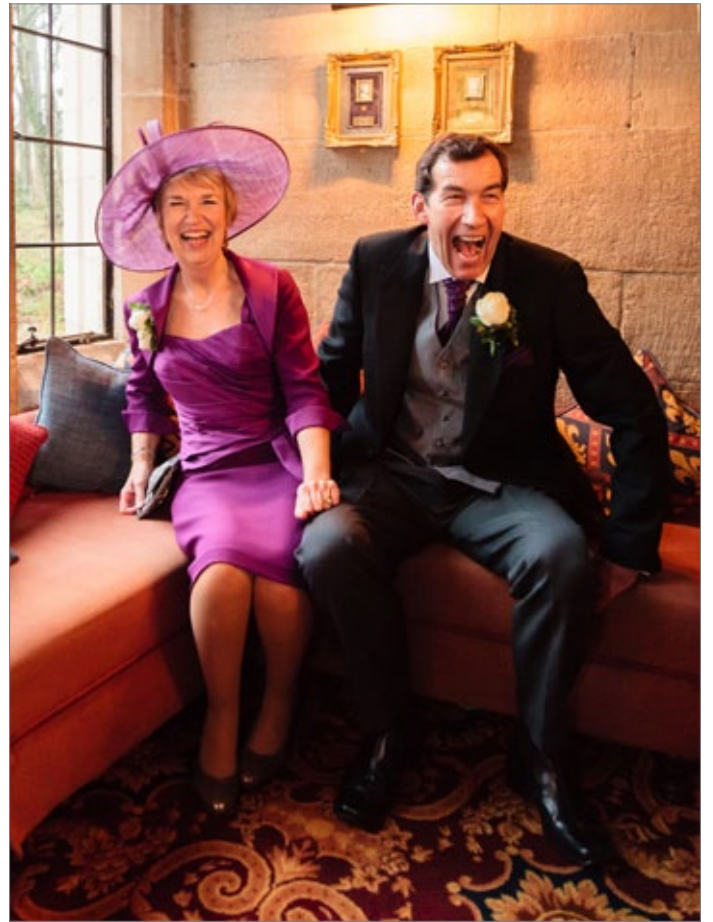

My aim is to capture the story of your day. I won't ask you to stand in lines for hours or take over your wedding. My reportage style means that most of the time you won't be aware that you're being photographed. Don't worry if you're not comfortable having your picture taken (like 99% of my couples!) – I'm very experienced at helping you relax in front of the camera.

I provide a truly bespoke, personal service – I'll meet you before your wedding, be your photographer on the day and design your album. The next step is usually to arrange to meet for an informal chat and for you to look at one or two of my weddings.

If you'd like to see more of my work before arranging to meet, you'll find hundreds of my wedding photographs and lots more info on my website www.brownsphotography.com. If you don't live in the North East, we can chat by phone, Skype or email. Please get in touch on 0191 285 7004 or email me at info@brownsphotography.com.
